NEWS RELEASE

8 January 2019, for immediate release

Dr. Rainer Pflaum confirmed as Chairman of the Supervisory Board of TSCNET Services

Munich, Germany – Dr. Rainer Pflaum, CFO of TransnetBW, one of the four German power transmission system operators (TSOs), has been confirmed as Chairman of the Supervisory Board of TSCNET Services, one of the largest Regional Security Coordinators (RSC) in Europe. Dr. Pflaum was elected Chairman for the first time at the beginning of 2016 and now confirmed for the next three years.

Due to the ongoing implementation phase of security coordination and capacity calculation services for several European regions and new requirements from the Clean Energy Package recently published by the European Commission, TSCNET Services is facing growing challenges and increased needs of close cooperation links to other RSCs in Europe. With the re-election of Dr. Pflaum, the shareholders of TSCNET Services therefore ensure competence and continuity in the Supervisory Board of the company with today 15 TSOs from twelve European countries as shareholders.

###

TSCNET Services GmbH

TSCNET Services is one of the leading Regional Security Coordinators (RSCs) for the European power transmission grid. The Munich-based company with about 50 employees renders integrated services for transmission system operators (TSOs) and their control centres to maintain the operational security of our electricity system – 24 hours a day, seven days a week. TSCNET's shareholders are the 15 TSOs of twelve European countries: 50Hertz (Germany), Amprion (Germany), APG (Austria), ČEPS (Czechia), ELES (Slovenia), Energinet (Denmark), HOPS (Croatia), MAVIR (Hungary), PSE (Poland), SEPS (Slovakia), Swissgrid (Switzerland), TenneT (Germany), TenneT (Netherlands),
